

2008 BERNCASTELETER DOCTOR RIESLING SPÄTLESE

The legendary Berncasteler Doctor vineyard is located behind the village Berncastel and is one of the most famous vineyards in Germany.

This 100% steep site with a South-South-West orientation consists of medium deep, stony, loamy weathered argillaceous schist. Planted with up to 80 year old vines, full-bodied, spicy wines are grown here. The South-South-West orientation of the vineyard guarantees optimal sunshine throughout most of the day.

The Riesling wines from the Berncasteler Doctor are among the most famous and noble white wines in the world.

WINE DESCRIPTION

The bouquet of this wine shows lychees, quince and peaches. The incredible depth and density of this Spätlese is enhanced by a lively acidity and a pronounced slaty minerality. Herbal notes provide a pleasant spice character supported by a hint of coffee and a touch of saltiness in the finish, typical of the Doctor vineyard site.

FOOD AFFINITIES

This wine is a noble partner to the finest cuisine - lobster in beurre blanc, veal with a light cream sauce or delicate desserts - from exquisite fruit tarts to apple charlotte.

alcohol content	9,0 %
residual sugar	64,3 g/L
